OWEN BROTHERS

Indications.
WASHINGTON, July 2.—Ohio Valley and Tennessee—Generally fair weather, followed in southwest portion by local rains, nearly stationary temperature and variable winds.

THE "SEAL" SHIRT

At Owen Brothers' clothing house. No other shirt equals the "Seal." Any \$2 shirt downed with these garments at a dollar. To see is to believe. Every man's size from 14 to 17 inch. We invite comparison with any custom shirt under the sun.

Gentlemen's balbriggan drawers have come, 50c; shirts arrive next week. Jean drawers will be more wanted and lower. None but good qualities. Next to the very best 60c, buff trimmed 50c, plain white 40c, none less. Remember all excellent quality twilled. Jean cut sharply and full sizes.

It might be good calculation to buy clothing in advance of the heated term that's sure to come. Better opportunity to look, less rush, more attention, less liability of misfit, especially with suits to measure; \$20, \$25, \$27, \$30. The finest black, blue, brown, dahlia, corkscrews, \$33, with the regular prices, no division. It isn't customary, we know, but it's our way, plain figures.

Do you care to bother with spring weight overcoats that you can get along without? They're made for just the weather that's here, \$9, \$10, \$11, \$12, half and two-thirds the regular going prices. Handsome, medium, browns, grays, blacks, blues.

Our Children's Department

Is glowing with everything new, neat, and noble in the way of kilts, sailors, jerseys, shirt waists, long stockings, hats, caps, &c. Better prepared than ever to meet the requirements of boys of all sizes.

Saturday night for hats. The way to find out just what a \$1.50 hat looks like, is to wander through to the south west corner of our mammoth clothing house, pick the hat that fits, try it, examine carefully the lining, handling, band, making.

Beats these are others. More in price, more in quality, less in weight, \$1.75, \$2, \$2.25, \$2.50. If you're a judge of hats you'll buy. If you buy you're sure to tell where, this worth is taken off.

Many good things in straw hats are in Mackinaws at about half. Boy's imitation 40c and 50c. Loop braids 75c and more.

New neckwear, all of the very latest shapes coloring, greater variety for choice, our easy way, scarf varieties, 25c, 35c, 40c, 50c, under glass, old fashioned stocks and Napoleons in silk and satin, \$1.

Collars and cuffs and suspenders, and gloves and half hose and handkerchiefs and such, are never better thought over than here.

Handy satchels for traveling, big or little, expensive or inexpensive in rows four deep, quick and easy bought.

General Grant Meeting Easily.

Mr. McGowan, July 2.—Notwithstanding the apprehension that General Grant would pass a restless night last night, he rested and slept fully seven hours. Said Colonel Fred Grant this morning: "Father was sleeping when I left the cottage just now, and I know he slept well till after 4 o'clock. Dr. Douglas, this morning, remarked that when the General awoke last night to take food or have his throat treated he did so with a clear mind. There seemed to be no drawdown in awakening at intervals and he fell asleep again readily. The night was a very good one despite the mental work of yesterday."

At 1 o'clock the General said he was feeling better able to work than at any time since he came here. And is now working on his book.

A Double Suicide.
GALESBURG, Ill., July 2.—A sensational double suicide occurred at Galesburg yesterday, the victims being Melissa Stepleton, a well-known school teacher, and her affianced, Edward Southernland. The two have been for a long time engaged and the nuptials have been set several times, but when the time came, Southernland's circumstances were such that the event was postponed; her folks strenuously opposed his suit. Tuesday he refused to marry her, and that evening she bought rat poison, afterward exchanged for arsenic, and took a dose of the latter and died. When Southernland heard of the tragedy, he borrowed a rifle and went into the timber a mile away and shot the whole top of his head off.

Ireland Not Placated.
DUBLIN, Ireland, July 2.—The United Ireland speaks with contempt of the local government scheme, which has been proposed by Mr. Chamberlain, Minister of Commerce in the Gladstone cabinet. Only a sovereign assembly, it says, will succeed in satisfying Ireland. Messrs. Chamberlain and Dilke are coming here to find an excuse to cheat Ireland of her rights and obtain some advantages for England.

The Irish National League meeting was held at Liverpool last evening, and it was resolved to hold aloof from all the English parties.

Fleeing Before the Redskins.
DENVER, Col., July 2.—Governor Eaton has received a telegram from a ranchman living near Durango, saying that the settlements on Mancos and Dolores Rivers are threatened by the Ute Indians and the people very much alarmed. Some of them are moving their families out for greater safety, and others who are unable to move are sleeping out in the sage brush for fear their families will be burned and their families massacred. The citizens are not sufficiently armed, neither have they ammunition.

Chicago Street Car Riot.
CHICAGO, July 2.—The situation at present borders on serious riot. Mayor Harrison hesitates in his action in affording proper protection to the car company. Great inconvenience in travel is the result of the strike, but the strikers are determined. There is great apprehension of a serious outbreak.

Another Strike.
CLEVELAND, July 2.—The men employed in the wire departments of the Cleveland rolling mills joined other strikers this morning, and there are now 1,800 idle men in Newburg. The officers of the mills have telephoned for police protection, but no violence is feared.

\$1,000,000 Stolen.
NEW ORLEANS, July 2.—It is found by examination here that immediately before the United States mint here went into the hands of the Confederates, the coinage amounted to \$1,355,250. What was done with this money is not known, nor do the records give any clue.

For the Soldiers' Home.
HARTFORD, Conn., July 2.—At General Franklin's office today, the contracts for furnishing the Dayton, O., Home with 3,000 fatigue caps at 50c each, 5,000 pairs of shoes, and 1,000 pairs of bed blankets were awarded to New York firms.

An Outlaw Killed.
GALVESTON, Texas, July 2.—Jim McDaniels, a notorious highwayman, sentenced for 99 years to the pen, for robbing the mail, escaped from jail and was killed in an attempt to capture him yesterday.

Escaped from Gypsies.
RICHMOND, Ind., July 2.—A boy twelve years of age, named Samuel Graham, escaped from a band of gypsies here today, after having been kidnapped from his home near Mt. Vernon, Ind., two years ago.

Supposed Suicide.
UTICA, N. Y., July 2.—Mrs. Lewis Steele, married but two months, was found dead before her mirror this morning with a bullet-hole through the temple.

Cholera in Spain.
MADRID, July 2.—Total number new cases in infected districts yesterday, 1,427; deaths, 789.

Xenia Gazette: "Mrs. Knowlton and Miss Lou Howell, accompanied Mr. Finley Hynes and friend, Rev. Belden, will spend the 4th at Yellow Springs and go on to Springfield in the evening, and on Sabbath Mrs. Knowlton and Miss Howell, and Messrs. Finley and Orin Hynes will furnish the music in the High Street M. E. church."

How shall We Enjoy Our Midsummer Holiday.

There are Fourth and Fourth, and in variety of attraction the one of next Saturday promises to be of the latter kind—one of the Fourth. But there are many minds in many people and an abundance of people that will be on hand at the Stand Pipe Grove that day. Indeed it is argued with good reason that there will be a grand outpouring of Sunday-school scholars with their teachers, parents and friends on the above mentioned never to be forgotten day, and if there's any more sensible way of remembering our Nation's birthday than this, it has not yet appeared. For as several thousand people will assemble and enjoy the breezy and shady grove, the inspiring music, the eloquent words and thoughts of a number of our best known citizens and also a good dinner under the trees it is not surprising that the Sunday school people generally have taken hold of this plan with such enthusiasm. They argue that anything worth doing at all is worth doing with all their heart and so they propose to make July 4, 1885, a day long to be remembered. From all sections of the county the word is sent: "We are all coming!" and with anything like a fair turnout from the city churches it is expected that between 2,000 and 3,000 people, at least, will assemble for the day's programme of enjoyment. The celebration certainly commends itself to all—the older ones as a pleasant and inspiring time for remembering the past, present and future of our great country and to the young as an attempt to interest them in the same great topics so closely connected with moral and social prospects in the future, and also in offering to all the means of enjoying free, pleasant, rational, sociable holiday. So the committee urge the citizens of Springfield to remember the celebration; to come, to bring their well-filled baskets, to stay all day and so give the weight of their influence toward this way of associating together the Christian workers of the county. The exercises will be such that all can take part in them and enjoy them. The songs to be sung are all familiar and will be printed in full for free distribution, and in fact the only charge that is to be made is the one to charge your mind not to forget the place nor time, but to be there, and also to charge everybody you meet to come! Free tickets to all.

Circuit Court.

Prior to adjourning this morning, the Court rendered the four following decisions: Kinnane & Wren against M. Robb; grow out of an order given by Chase, who was building three houses for Kinnane & Wren, on Kinnane & Wren. They refused to accept it; hence suit. In the Common Pleas, Robb obtained judgment for \$445. The decision of the Circuit Court affirms the judgment of the Common Pleas.

In case of Roberts and wife against Chandler Robbins, facts heretofore reported, the Court affirmed the judgment as to Dr. Potter, but reversed it as to Mrs. Potter.

In Writter against Bolan, reported in a previous issue, the Court affirmed the decision, and the injunction remains perpetual.

By far the most important case, in principle and as to amount involved, about \$18,000 was S. A. Bawan, trustee, against Springfield, Jackson & Pomroy Railroad company. The case, however, is only partially decided—a stand-off, leaving the parties to proceed again. The Smith Bridge Company, in 1878, furnished the railroad company six bridges, but before they were paid for the road, on suit of bondholders by their trustee, Bawan, was said to pay that indebtedness. The bridge company was not paid out of the proceeds, and filed a mechanics' lien against the road. The trustee claimed that there could not be a mechanics' lien filed under the circumstances, and if valid at all, only attached to the bridges themselves.

On trial the Common Pleas found in favor of the Bridge Company. The District overruled the Common Pleas, and on one demurrer, not in fact deciding the case. The Supreme Court Commission reversed the District Court and remanded it. The present decision does not decide who is entitled to the money, but merely that the questions involved may be tried over again.

In Common Pleas court yesterday, Elizabeth Harris was granted a divorce from Theo. Harris on ground of his drunkenness and cruelty, and Basil Bull was divorced from Clara Bull on ground of defendant's adultery. Theo. Harris brings suit for divorce from Emma Riggs, on allegation of her committed adultery with several parties named.

Charles Gray, of Washington C. H., and Officer Wood found three of the revolvers stolen from Gray's store in Jeffersonville, at Hall's saloon on the Hill. Hall identified Charles Jones, the negro jailed last Monday, as the man who sold him the goods.

Henry Saylor, a prominent citizen of St. Paris, dropped dead from paralysis at that place yesterday afternoon. He was president of the St. Paris National Bank, owned large carriage shops, and was very prominent in O. O. F. circles.

The water supply subscription for Ferncliff is increasing right along. Mr. Shepherd informs us that every lot owner that he has called on has either made or promised to make a donation to assist in this commendable object.

There will be a match game of base ball at the Fair Grounds next Saturday afternoon between the hands of the East street shops and those of the Champion Melodians and the Knife and Bar shops, for a \$20 gold piece.

At the instance of Dr. Russell, Dr. A. M. Whitehead was before Judge Miller on an injunction to his suit. He was remanded to jail in order to procure counsel for further hearing tomorrow.

The Tax Commission met yesterday afternoon at 4 p. m. at Water Works office. The Clerk was directed to certify their action of Monday night to Council. Adjourned for the year.

Mr. and Mrs. J. H. Chequer, of West Main street, have been called to New Vienna, O., on account of the death of their nephew, Master John Clifford.

Officers Caldwell, Bass, Record and Norton, went to Mechanicsburg this morning to testify against the wooden thieves captured here last Friday.

The entertainment and social of Tuesday evening, at St. Paul M. E. church, by Mission Band, will be repeated Friday evening, July 3.

Miss Anna L. Darragh, of Girty, Cal., is visiting her aunt, Mrs. A. M. Collins, 124 West North street.

Corrected.

Miss Anna Johnson, of 34 Front street, Columbus, Ohio, says: "I suffered from an aggravated form of constipation and indigestion for several months. My family physician tried all kinds of medicines and pills, but to no effect. I began to think my case was a hopeless one. A friend of mine (Mrs. Elvira Redmond of East Long street, this city), called, and seeing the condition I was in, recommended me to try my MANALIN. I must say I had but little faith in the medicine, but after I had taken few doses I was convinced that MANALIN was the medicine for me. After I had taken one bottle I was entirely well of my complaint. I consider it one of the best remedies for constipation I have ever used. I have several friends who are using it. They think it an excellent remedy. I recommend it to all who are afflicted with constipation or indigestion. Any one doubting this statement is invited to call on me at 34 Front street."

Mr. Milton Knotts, Urbana, O., writes: "Last November one year ago I was afflicted with constipation and indigestion. He examined me and said I had symptoms of typhoid fever. He gave me medicine for two weeks or more without any relief. I began to think that my days on earth were fast closing in. I saw at once that his medicine would not reach my disease. Just as I was about to conclude that I would have to die, my daughter brought me one of your pamphlets. I noticed a case whose symptoms were like mine, and PERUNA and MANALIN had cured him. I concluded at once to try it. I procured one bottle of PERUNA and one of MANALIN, and took them as directed, and before I had used the two bottles I began to receive strength and gain in flesh. I finished the rest of the two bottles and continued its use until the third bottle was used. When they were used I could eat anything I wanted to and go about my work. I consider that if it hadn't been for your PERUNA I would have been in my grave. Parties wishing information can write me at the above place. I recommend your medicine wherever I go."

Mr. John R. Davis, Mountville, W. Va., writes: "I have been handling your PERUNA ever since its introduction. All
